MMC IRELAND

Welcome to the MMC Ireland Members' Portal!

01

Your Story

The your story feature allows members to maintain and update company information. You can easily modify details such as your contact information and other company details.

MMC IRELAND

02

Members Profiles

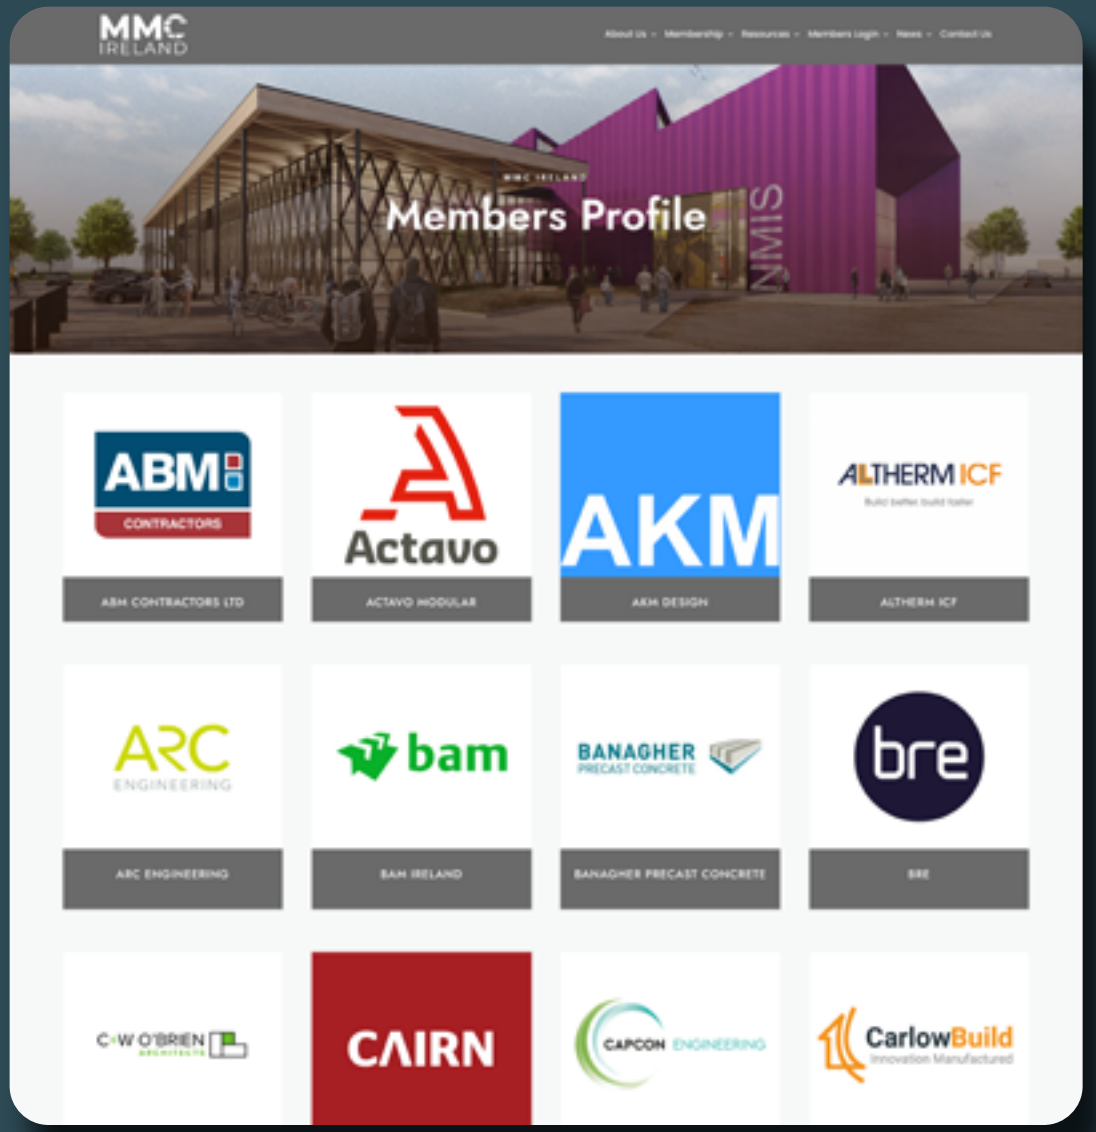
Each member has a dedicated profile page featuring technical product details, as well as:

In-depth Descriptions:

An overview of what each company does and their areas of expertise.

PDF Documents:

Access to project reports, certifications, and other relevant documents that highlight their contributions.



MMC IRELAND MEMBERS' PORTAL

03

Working Groups

Each working group has a section so that the wider membership can stay up to date on group activities. Please note all members are welcome to join all groups and your participation is encouraged. Meeting links are shared with all members in our monthly newsletter.

Section 1: Posts

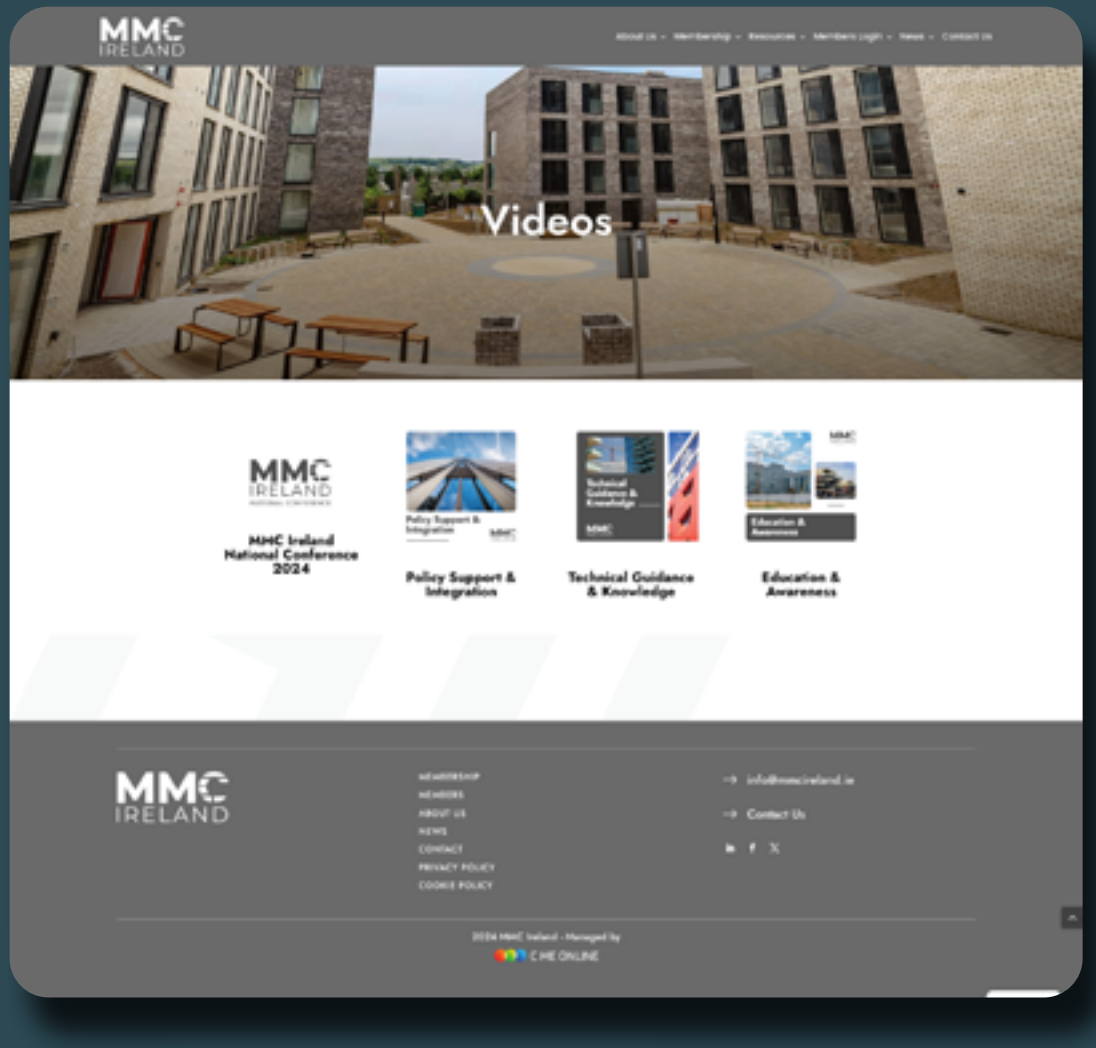
This section includes detailed posts about working group meetings. It covers all discussions, decisions made, and important updates related to the group. Members can review past meetings, and access important news.

Section 2: Videos

Here, you will find a collection of videos from working group meetings.

04 Videos

The videos and recordings section contains all content related to the working group meetings and the mmc ireland national conference 2024.



05

Your MMC Newsfeed

The MMC newsfeed page provides a stream of updates related to members' projects and other news.

This centralised feed ensures you can easily follow developments, get updates on ongoing initiatives, and stay connected with the latest news from the industry.

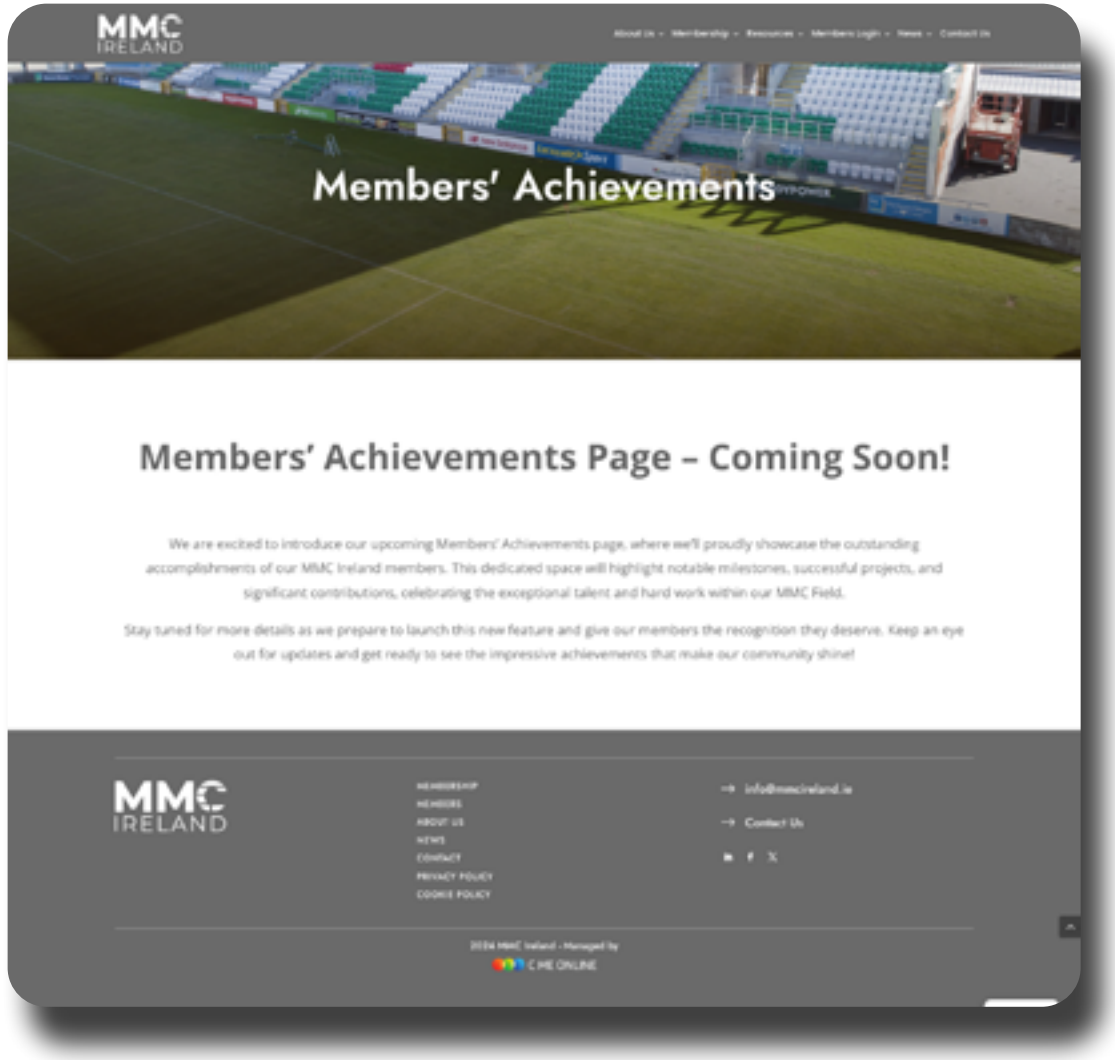
MMC IRELAND MEMBERS' PORTAL

07

Members Achievements

Coming soon:

Keep up to date with all the great news from our members, including award nominations and community activities.



08

Collaboration Station

Coming soon:

The collaboration station will provide a dedicated space for members to announce new projects, with new supply chain opportunities arising and project owners can seek help across the wider supply chain.
